

## **Invitation to “Quiet Luxury “**

Date: \_\_\_\_\_

Name: \_\_\_\_\_

To the Resident of \_\_\_\_\_

There are very few services designed to give you back the one thing you cannot replace: your time.

The management of a significant estate; the oversight of staff, the precision of a vehicle fleet, and the invisible logistics of a high-performance household, often becomes a second career for those who are already leading demanding lives.

Kiuki Concierge was established to return your residence to what it was intended to be: a sanctuary.

We provide a highly discreet, professional Private service for a select number of families in the Area. We do not merely "run errands"; we act as your professional proxy, ensuring your world operates with absolute precision and zero friction, whether you are in Nairobi or traveling .

We are currently accepting two new memberships for the upcoming quarter. If the luxury of a perfectly managed life is of interest to you, I invite you to a private consultation at your convenience.

With total discretion,

Jane Mathenge.
